## Idaho Power Application for Release of Easement

This application form is to be used to request Idaho Power release part or all of an existing Idaho Power easement. Upon submittal of this form, Idaho Power will review the easement to determine if the easement (or a portion thereof) will be released or if it will be retained. Note the acceptance of the application does not obligate Idaho Power to release any portion of the easement.

**Timeframe:** Depending on the request, the process may take over ten weeks. This timeframe begins once a complete application packet is received by Idaho Power's Corporate Real Estate Department. Some requests may require greater information or expense. Please be as complete as possible to save processing time. You will be notified if the application package is not complete.

**Process:** Once received, the request will be reviewed to determine if the easement is required for current or future facilities. Be aware, requests will not be approved if electrical facilities are present.

In some cases where electrical facilities are present, relocation of the facilities may be an option. If facility relocation is needed to allow an easement to be released, the cost of such relocation(s) would be paid by the applicant before the release is granted. If required, the acquisition of new easements or the relocation/removal of facilities must be completed prior to Idaho Power issuing a release of easement.

If the request is granted, the appropriate documentation will be created and a copy will be sent to the applicant.

### Required Enclosures:

For an application to be considered complete, the following is required:

1. A completed application.
2. A complete, recorded copy of the document to be reviewed: Idaho Power Easements, Subdivision Plats, Townsite Plats, etc.
  - Copies of these documents may be obtained through the county assessor's office or a title company.
3. A legal description prepared by a licensed surveyor defining the area being requested for release.
4. A map showing the property's boundaries, with the easement area clearly marked, a compass, and any neighboring streets or landmarks.
5. A non-refundable application fee of \$150 payable to Idaho Power.
6. In some cases, an ALTA/ASCM Land Title Survey or an easement valuation may be needed.

When the application is complete, send it to the Corporate Real Estate Department at the address listed on the application form. If questions arise on the required content of this application, please call 208-388-LAND (5263).
