Guest: Kurt Wolf, McCall City Parks & Recreation Director   Rich & Helen Holm  
Ed Allen   Susan Bechdel, PLPL Representative

Douglas moved to approve Aug. 7, 2018 minutes. Harvey seconded the motion.  
Motion passed.

Kurt Wolf reported progress on the area north of Mile Hi Marina. He will have more information on U of I study concerning this project at Octobers meeting. He has applied for a 404 Permit for this project. He ask for a letter of support to use for IDPR grants.

Kurt said usage with the pump out station has been primarily from sail boats and only a few motorized boats.

MS Turner reported on the Kids fishing day, in conjunction with ID Fish & Game, went well. After the completion of fishing, they had a big fish fry.

He said 50 inspections were done on Deadwood Res. and three citations were issued. Two lives were saved by Marine Deputies. There were no major accidents. Summer patrols were difficult as only he and three certified deputies were on duty. Three other deputies were in training and they could not patrol without a certified deputy with them.

He said navigation buoys will be out of the water beginning Oct. 15<sup>th</sup> and channel buoys will be left in.

Rich Holm, lives in Harris Cove area, indicated the ballast put into boats to create a wake large enough to facilitate wave surfing causes dock damage. He said there is an extreme amount of short term boat rentals that are running from 9:30 A.M to 6:30 P.M.

Ed Allen ask what was the purpose of the Waterways Committee. Al explained where the financial source of the budget come from and the Committee is only an advisory group to County Commissioners, who have the final decision.

Reviewed Expenditure Activity Summary.
