This land: Has water rights available to it
 Is dry and has no water rights available to it. If dry, please sign this document and return to the Planning & Zoning Department as part of your application.

Idaho Code 31-3805 states that when all or part of a subdivision is "located within the boundaries of an existing irrigation district or canal company, ditch association, or like irrigation water deliver entity ... no subdivision plat or amendment to a subdivision plat or any other plat or map recognized by the city or county for the division of land will be accepted, approved, and recorded unless:"

- A. The appropriate water rights and assessment of those water rights have been transferred from said lands or excluded from an irrigation entity by the owner; or
- B. The owner filing the subdivision plat or amendment to a subdivision plat or map has provided for the division of land of underground tile or conduit for lots of one acre or less or a suitable system for lots of more than one acre which will deliver water to those land owners within the subdivision who are also within the irrigation entity with the appropriate approvals:
 - 1. For proposed subdivisions located within an area of city impact, both city and county zoning authorities must approve such irrigation system in accordance with 50-the irrigation system.
 - 2. For proposed subdivisions outside of negotiated areas of city impact, the delivery system must be approved by the Planning and Zoning Commission and the Board of County Commissioners with the advice of the irrigation entity charged with the delivery of water to said lands.

To better understand your irrigation request, we need to ask you a few questions. A list of the map requirements follows the short questionnaire. Any missing information may result in the delay of your request before the Planning and Zoning Commission and ultimately the approval of your irrigation plan by the Board of County Commissioners as part of final plat approval.

1. Are you within an area of negotiated City Impact? _____ Yes _____ No

2. What is the name of the irrigation and drainage entities servicing the property?

Irrigation: _____

Drainage: _____

3. How many acres is the property being subdivided? _____

4. What percentage of this property has water? _____

5. How many inches of water are available to the property? _____

6. How is the land currently irrigated? surface sprinkler irrigation well
 above ground pipe underground pipe

7. How is the land to be irrigated after it is subdivided?
 surface sprinkler irrigation well
 above ground pipe underground pipe

8. Please describe how the head gate/pump connects to the canal and irrigated land and where ditches &/or pipes go.

9. Is there an irrigation easement(s) on the property? Yes No

10. How do you plan to retain storm and excess water on each lot? _____

11. How do you plan to process this storm water and/or excess irrigation water prior to it entering the established drainage system? (i.e. oil, grease, contaminated aggregates) _____

Irrigation Plan Map Requirements

The irrigation plan **must be on a scalable map** and show all of the irrigation system including all supply and drainage structures and easements. Please include the following information on your map:

- All canals, ditches, and laterals with their respective names.
- Head gate location and/or point of delivery of water to the property by the irrigation entity.
- Pipe location and sizes, if any
- Rise locations and types, if any.
- Easements of all private ditches that supply adjacent properties (i.e. supply ditches and drainage ways).
- Slope of the property in various locations.
- Direction of water flow (use short arrows on your map to indicate water flow direction →).
- Direction of wastewater flow (use long arrows on your map to indicate waste water direction →).
- Location of drainage ponds or swales, if any where wastewater will be retained on property
- Other information: _____

Also, provide the following documentation:

- Legal description of the property.
- Proof of ownership.
- A written response from the irrigation entity and/or proof of agency notification.
- Copy of any water users' association agreement currently in effect which shows water schedules and maintenance responsibilities.
- Copy of all new easements ready for recording (irrigation supply and drainage).
- If you are in a city area of impact, please include a copy of the approvals by the city planning and zoning commission and city council of your irrigation plan.

=====Applicant Acknowledgement=====

I, the undersigned, agree that prior to the Planning and Zoning Department accepting this application, I am responsible to have all the required information and site plans.

I further acknowledge that the irrigation system, as approved by the Planning and Zoning Commission and ultimately the Board of County Commissioners, must be **bonded** and/or **installed** prior to the recording of the plat or building permit.

VALLEY COUNTY

WEED CONTROL AGREEMENT

The purpose of this agreement is to establish a cooperative relationship between Valley County and the undersigned Cooperator to protect the natural and economic values in the Upper Payette River watershed from damages related to the invasion and expansion of infestations of noxious weeds and invasive plants. This is a cooperative effort to prevent, eradicate, contain and control noxious weeds and invasive plants on public and private lands in this area. Factors related to the spread of weeds are not related to ownership nor controllable at agency boundaries. This agreement formalizes the cooperative strategy for management of these weeds addressed in Valley County's Integrated Weed Management Plan.

In this continuing effort to control Noxious Weeds, Valley County Weed Control will consult with the undersigned Cooperator and outline weed identification techniques, present optional control methods and recommend proper land management practices.

The undersigned Cooperator acknowledges that he/she is aware of any potential or real noxious weed problems on his/her private property and agrees to control said weeds in a timely manner using proper land management principles.

**CONDITIONAL USE PERMIT
NO. 15-10
Tall Timbers Sawmill**

Issued to: William E. Smith
PO Box 1130
McCall, ID 83638

Property Location: Parcel RP00141000005B, Long Valley Subdivision No. 1 Tax No. 86 in Lot 5, in SE1/4 Section 8, T. 17N, R. 03E, B.M., Valley County, Idaho, and is 2.41 acres. The site is addressed at 228 Maki Lane.

There have been no appeals of the Valley County Planning and Zoning Commission's decision of October 1, 2015. The Commission's decision stands and you are hereby issued Conditional Use Permit No. 15-10 with Conditions for a sawmill as described in the application, staff report, and minutes.

The effective date of this permit is October 13, 2015.

Conditions of Approval:

1. The application, the staff report, and the provisions of the Land Use and Development Ordinance are all made a part of this permit as if written in full herein.
2. Any change in the nature or scope of land use activities shall require an additional

Conditional Use Permit.

3. Conditional use permit is approved for only five years due to concern with impacts on future residential neighbors. The permit will expire October 13, 2020, at which time, the sawmill shall be removed or a new permit be obtained.
4. The issuance of this permit and these conditions will not relieve the applicant from complying with applicable County, State, or Federal laws or regulations or be construed as permission to operate in violation of any statute or regulations. Violation of these laws, regulations or rules may be grounds for revocation of the Conditional Use Permit or grounds for suspension of the Conditional Use Permit.
5. Lighting must comply with the Valley County Lighting Ordinance.
6. Shall obtain a building permit for all structures on the property if there are none on file.
7. The use shall not be expanded beyond the existing footprint.
8. Conditional use permit is not transferable to another owner and is revoked when Tall Timbers goes to a different location.

END – CONDITIONAL USE PERMIT
