

McCall Impact Area Map

The map displays the City of McCall boundary and seven designated impact areas, labeled AREA 1 through AREA 7. The impact areas are highlighted with yellow diagonal hatching. The map includes major roads such as Highway 55, Payette Lake, and Little Payette Lake. A legend in the bottom right corner defines the symbols: a brown outline for the City of McCall Boundary, yellow diagonal lines for Impact Areas, solid yellow for Bureau of Land Management land, and purple for State land. A scale bar indicates 0 to 1 mile, and a north arrow is present in the bottom left.

Legend:
