Submittal List for Preliminary Plats

Not a Complete List. Applications are site specific. See Title 10 of Valley County Code for Complete Details □ Neighborhood Meeting – Required for proposed subdivision with 5 or more lots. VCC 9-5H-1.D ☐ CUP/Preliminary Plat Application Form ☐ Preliminary Plat (VCC 10-3-2-3 Contents of Preliminary Plat) □ Notes on Face of Plat (not a complete list): Private Road Declaration ____ (If private roads proposed.) Declaration of Installation of Utilities o All lighting must be dark sky compliant. Only one wood burning device per lot. The Valley County Board of Commissioners have the sole discretion to set the level of service for any public road; the level of service can be changed. Surrounding Land Uses Are Subject to Change ☐ A plot plan, drawn to scale, showing: o existing utilities, streets, easements, buildings, o all watercourses, including ditches, high water elevation, & known Base Flood Elevations (BFE) o any significant natural features (e.g., rock outcroppings, marshes, or wooded areas) wetland delineation (may be required) o Soil profiles and water table data when property has potential for high groundwater o location of existing and proposed sewers, water mains, culverts, drainpipes, and electric conduits or lines proposed to service the property to be subdivided, o and the location of adjacent streets or existing structures that would affect the proposed improvement program, including pathways. ☐ [Commercial Subdivision] A landscaping plan, drawn to scale, showing elements such as trees, shrubs, ground covers, and vines. Include a plant list, indicating the size, quantity, location, and name (both botanical and common) of all plant material to be used. ☐ [Prior to any Construction - Can be a condition of approval]. A site grading / storm water management plan detailing the best management practices for surface water management, siltation, sedimentation, and blowing of dirt and debris caused by grading, excavation, open cuts, side slopes, and other site preparation and development. ☐ [Administrative Request] Existing site topography (contours with intervals of 5-ft or less) ☐ A phasing plan and construction timeline. ☐ A Wildland Urban Interface Fire Protection Plan (VCC 10-7) ☐ Draft CCRs may be included or may be submitted with final plat package. ☐ Well logs of wells located in surrounding contiguous property. ☐ A current title search report of the property from a licensed title company (1 copy only) ☐ Include written request of any variances (e.g., road width, length of cul-de-sac) and reasons why request is made. □ Names and mailing addresses of property owners within 300 feet of the property boundary. Information can be obtained through the Valley County GIS maps. (1 copy only) ☐ Ten (10) copies of the application and additional materials are required, unless otherwise specified. (3 Full size plats and 7 - 11"x17") \square One 8½ x 11" – 300 scale drawing of the proposed subdivision

Submittal List for Final Plats to PZ Commission

 Transmittal Letter (7 Copies of Letter and Attachments, can be double-sided) Describing Request Statement that "Final Plat Substantially Complies with Approved Preliminary Plat" Description of Financial Guarantees that Will Be Put in Place, if applicable Implementation of Wildland Urban Interface Fire Protection Plan and/or Financial Guarantee
List of Conditions of Approval from recorded C.U.P. and how each has been completed (7 copies)
Final Plat – VCC 10-3-3-2 3 copies of 18" x 24", including signature page 10 copies of 11" x 17", including signature page Lot and Subdivision Closure Sheets (2 copies) List of Proposed Road Names Declaration of Private Road – Draft version Declaration of Utilities – Draft version CCRs if proposed – Draft Version. Include the following if relevant: Septic maintenance Long-term maintenance of Wildland Urban Interface Fire Protection Plan 1 wood-burning device per lot Dark-Sky lighting compliance Noxious Weed Control Address posting on home and at driveway entrance Approved Site Grading/Storm Water Management from Valley County Engineer Wetland Delineation or Letter of Map Revision (if required) Floodplain Determination Note
Pre-Application Conference (Recommended) : Put on Notice Concerning Sewer/Septic Challenges and other issues such asHydrologist Report for Well Logs, Private Road Declaration, Declaration of Installation of Utilities, CCRs, Site Grading Plan, Topographic Map, Landscaping Plan, Lighting Plan, Fire Protection Plan (Fire Districts), Construction Plan, Central District Health Response (Must make application to CDH), Wetland Delineation, Idaho Power, Development Agreement
Submit Application: Staff will review, place on agenda, and notice. Staff prepares a Staff Report.
Public Hearing: PZ Commission approves the conditional use permit and preliminary plat with conditions of approval.
Construction or Financial Guarantees : After CUP/preliminary plat approval and compliance with conditions of approval, the developer can start construction of the project. However, the developer may choose to financially guarantee the improvements prior to going to Board of County Commissioners.
Final Plat – P&Z Commission : Developer submits final plat information <u>30 days</u> before public meeting. Include CCRs, Private Road Declaration, etc. The final plat must substantially comply with the approved preliminary plat.
Development Agreement – Board of County Commissioners
Final Plat – Board of County Commissioners : Developer submits plat and other documents that will be recorded. Prior to approval by the Board of County Commissioners, financial sureties must be in place. After approval of the Board, the plat can be recorded.

☐ No

l0. How do you plan to retain storm and excess water on each lot?
How do you plan to process this storm water and/or excess irrigation water prior to it entering the established drainage system? (i.e. oil, grease, contaminated aggregates)
Irrigation Plan Map Requirements
The irrigation plan <u>must be on a scalable map</u> and show all of the irrigation system including all supply and drainage structures and easements. Please include the following information on your map:
☐ All canals, ditches, and laterals with their respective names.
 ☐ Head gate location and/or point of delivery of water to the property by the irrigation entity. ☐ Pipe location and sizes, if any ☐ Rise locations and types, if any.
 ☐ Easements of all private ditches that supply adjacent properties (i.e. supply ditches and drainage ways). ☐ Slope of the property in various locations.
☐ Direction of water flow (use short arrows on your map to indicate water flow direction →).
 □ Direction of wastewater flow (use long arrows on your map to indicate wastewater direction □ Location of drainage ponds or swales, if any where wastewater will be retained on property □ Other information:
Also, provide the following documentation:
☐ Legal description of the property. ☐ Proof of ownership.
\square A written response from the irrigation entity and/or proof of agency notification.
☐ Copy of any water users' association agreement which shows water schedules and maintenance responsibilities.
\square Copy of all new easements ready for recording (irrigation supply and drainage).
☐ If you are in a city area of impact, please include a copy of the approvals by the city planning and zoning commission and city council of your irrigation plan.
======================================
I, the undersigned, agree that prior to the Planning and Zoning Department accepting this application, I am responsible to have all the required information and site plans.
I further acknowledge that the irrigation system, as approved by the Planning and Zoning Commission and ultimately the Board of County Commissioners, must be <u>bonded</u> and/or <u>installed</u> prior to the recording of the plat or building permit.

VALLEY COUNTY WEED CONTROL AGREEMENT

It shall be the duty and responsibility of all landowners to control noxious weeds on their land and property, in accordance with Idaho Statute 22-2407.

The purpose of this agreement is to establish a cooperative relationship between Valley County and the undersigned Cooperator to protect the natural and economic values in the Upper Payette River watershed from damages related to the invasion and expansion of infestations of noxious weeds and invasive plants. This is a cooperative effort to prevent, eradicate, contain and control noxious weeds and invasive plants on public and private lands in this area. Factors related to the spread of weeds are not related to ownership nor controllable at agency boundaries. This agreement formalizes the cooperative strategy for management of these weeds addressed in Valley County's Integrated Weed Management Plan.

In this continuing effort to control Noxious Weeds, Valley County Weed Control will consult with the undersigned Cooperator and outline weed identification techniques, present optional control methods and recommend proper land management practices.

The undersigned Cooperator acknowledges that he/she is aware of any potential or real noxious weed problems on his/her private property and agrees to control said weeds in a timely manner using proper land management principles.

Valley County Weed Department can be contacted at 208-382-7199.

IMPACT REPORT (from Valley County Code 9-5-3-D)

You may add information to the blanks below or attach additional sheets.

- ❖ An impact report shall be required for all proposed Conditional Uses.
- ❖ Answer all questions. Mark N/A if the question is not applicable to your application.
- ❖ The impact report shall address potential environmental, economic, and social impacts and how these impacts are to be minimized as follows:
- 1. Traffic volume, character, and patterns including adequacy of existing or proposed street width, surfacing, alignment, gradient, and traffic control features or devices, and maintenance. Contrast existing with the changes the proposal will bring during construction and after completion, build-out, or full occupancy of the proposed development. Include pedestrian, bicycle, auto, and truck traffic.
- 2. Provision for the mitigation of impacts on housing affordability.
- 3. Noise and vibration levels that exist and compare to those that will be added during construction, normal activities, and special activities. Include indoor and outdoor, day and night variations.
- 4. Heat and glare that exist and that might be introduced from all possible sources such as autos in parking areas, outdoor lights, water or glass surfaces, buildings or outdoor activities.
- 5. Particulate emissions to the air including smoke, dust, chemicals, gasses, or fumes, etc., both existing and what may be added by the proposed uses.
- 6. Water demand, discharge, supply source, and disposal method for potable uses, domestic uses, and fire protection. Identify existing surface water drainage, wetlands, flood prone areas and potential changes. Identify existing ground water and surface water quality and potential changes due to this proposal.

7.	Fire, explosion, and other hazards existing and proposed. Identify how activities on neighboring property may affect the proposed use.
8.	Removal of existing vegetation or effects thereon including disturbance of wetlands, general stability of soils, slopes, and embankments and the potential for sedimentation of disturbed soils.
9.	Include practices that will be used to stabilize soils and restore or replace vegetation.
10.	Soil characteristics and potential problems in regard to slope stability, embankments, building foundation, utility and road construction. Include suitability for supporting proposed landscaping.
11.	Site grading or improvements including cuts and fills, drainage courses and impoundments, sound and sight buffers, landscaping, fencing, utilities, and open areas.
12.	Visibility from public roads, adjoining property, and buildings. Include what will be done to reduce visibility of all parts of the proposal but especially cuts and fills and buildings. Include the impacts of shadows from new features on neighboring property.
13.	Reasons for selecting the particular location including topographic, geographic and similar features, historic, adjoining land ownership or use, access to public lands, recreation, utilities, streets, etc., in order to illustrate compatibility with and opportunities presented by existing land uses or character.

14. Approximation of increased revenue from change in property tax assessment, new jobs available to local residents, and increased local expenditures.
15. Approximation of costs for additional public services, facilities, and other economic impacts.
16. State how the proposed development will impact existing developments providing the same or similar products or services.
17. State what natural resources or materials are available at or near the site that will be used in a process to produce a product and the impacts resulting from the depletion of the resource. Describe the process in detail and describe the impacts of each part.
18. What will be the impacts of a project abandoned at partial completion?
19. Number of residential dwelling units, other buildings and building sites, and square footage or gros non-residential floor space to be available.
20. Stages of development in geographic terms and proposed construction time schedule.
21. Anticipated range of sale, lease or rental prices for dwelling units, building or other site, or non-residential floor space in order to insure compatibility with adjacent land use and development

Property Tax Exemption

New and expanding business <u>may</u> qualify for a property tax exemption for up to 5 years by meeting the qualifications in accordance with Idaho Code§ 63-602NN

Application must be filed with the Valley County Assessor's office before construction begins.

Protocols for qualifying property exemption in Valley County, Idaho:

- Application must be received prior to the start of construction (ex. Building Permits, excavation)
- Term of exemption, not to exceed 5 years, will be up to the discretion of the Valley County Board of Commissioners
- Retail sales business do not qualify
- Multi use may qualify excluding retail sale area
- Housing
 - Multi-family housing must have 5 units or more per structure.
 - Multi-Family housing units may qualify if more than one structure is built totaling
 5 or more units
 - For local housing only (workforce)
 - Short term rentals not allowed
 - Units cannot be individually sold (e.g., no condominiums)
- Remodel and/or additions to existing businesses
 - Only the area of remodel/addition may qualify for exemption
 - Retail sales additions/remodel will not qualify

For further information regarding the 63-602NN application process and instructions, please contact the Valley County Assessor's office at 208-382-7126.
